Thanks Debbie. I am not sure who the trooper should speak with. We will discuss internally and decide how to deal with this. [REDACTED]  
[REDACTED] More tomorrow on that and thank you for the NRC report heads up. I will probably call [REDACTED] tomorrow to see if she recalled a particular smell.

Bob -

This report came in last night regarding odors at the Carter Impoundment. Fire Dept did respond and did not detect anything....

Also, Mrs Lauff called me yesterday to say that the son of the one resident who is a State Trooper (not in uniform) was down at the Impoundment yesterday talking to Range employees and was told that the impoundment is being taken out of service for repairs because it is leaking. The State Trooper is willing to talk with whom ever to discuss the information that he had obtained and other concerns.

Debbie
